Experience

Asst. Manager – Digital & E-commerce

Katalyst Tech. Pvt. Ltd.   Pune, India | June 2019 – Till Date

• Involved in redesign of an ongoing WMS product platform. Provided UI/UX suggestions, front end implementation and involved in day-to-day product related activities.

• Created UI designs for in-house HR management mobile app. Devised wireframes, user interface design and prototypes.

• Involved in HR management Web app for UI/UX implementation and product related tasks.

• Managing a team of 4 UI/UX designers + developers. Involved in recruiting, mentoring and other team management activities.

• Utilize design standards and best practices to define and implement design criteria, design guidelines, and design specs for ongoing projects.

Asst. Manager – UI/UX Design

InfoCepts Tech. Pvt. Ltd.   Nagpur, India | Nov 2017 – Mar 2019

• Was on with client site team for one of the largest media conglomerate in the world for the duration of one year.

• As the sole designer for the project, my day to day tasks involved are coordinating with client to understand the data visualization requirement to define the DV scope and provide effort estimation

• Communicate high level design concepts and user interface requirements through wireframes, user interaction models, information architecture, prototypes, guidelines and user interface design specifications

• Applying design techniques to organize the presentation of data in visually innovative ways, making the data easier to understand, insightful, and actionable by end users.

• Suggesting and recommending multiple options of dashboard to visualize data and ensure appropriate application of data visualization best practices across the projects.

• Coordinating with developers for design QA and provide creative inputs to ensure pixel perfect formatting of dashboards and Mobiles apps.

Lead Designer

KloudData Labs Pvt. Ltd.   Nagpur, India | June 2016 – Oct 2017

• Translate high-level requirements into prototypes, wireframe, visual design mockups and functional specifications.
